The final academic programme is available on the website, with the corresponding updates in the Book of Abstracts. Should there be any last-minute changes, we will update the file silently on the web, indicating the date of the update. There will be a printout of the programme in the conference pack.

Please notice that for the presentations **we can only use our MS Windows computers**, with PowerPoint and PDF readers. We advise presenters to bring a back-up copy in PDF format.

Enthusiastic members of the organising committee will be at the registration desk on Tuesday 18 from 9:00h, ready for the pre-conference workshops, and on Wednesday 19 from 10:00h, after the opening plenary session.
